New Retail Building

On Monday, January 5, 2009, the Burlingame City Council granted approval of planning entitlements for a new retail store on the site of the former Chevron service station at 260 El Camino Real. The new store is to be occupied by Walgreens, which will relocate from 1420 Howard Avenue, adjacent to Safeway.

The new 13,755 square foot store features architectural detailing that references the historic architecture of Downtown Burlingame. The project is anticipated to begin in 2009.
